With a deft hand, he transforms everyday language into art, revealing its hidden depths and transformative power.

A Symphony of Language

Kennedy's prowess as a poet is evident in his masterful use of language. His poems are a symphony of sound and imagery, where words dance and clash, creating a vibrant and evocative tapestry. He delights in the playfulness of language, often employing puns, alliteration, and other literary devices to inject humor and surprise.

In the poem "Nouns," Kennedy celebrates the concrete and tangible nature of words, showcasing their ability to evoke vivid images and sensations. He writes:

A noun's a person, place, or thing— A dog, a city, or a ring. It's something you can see or hear, Or taste or smell or touch, my dear.

Through this playful exploration of nouns, Kennedy demonstrates how language can bring the world around us to life.

The Power of Verbs

Equally captivating is Kennedy's exploration of verbs, the dynamic building blocks of action and motion. In the poem "Verbs," he captures the energy

and fluidity of verbs, using them to paint a vibrant picture of the world in motion. He writes:

A verb's a word that makes things move, It tells us what the subject's to do.
To jump or run, to laugh or cry, To sing or dance, to live or die.

Kennedy's poems showcase the transformative power of verbs, revealing their ability to shape our perceptions and experiences.

Exploring the Human Condition

Beyond their linguistic playfulness, *Nouns Verbs New and Selected Poems* delves deeply into the human condition. Kennedy's poems explore themes of love, loss, joy, and sorrow, capturing the complexities of the human experience with honesty and vulnerability. In the poem "The Poet's Wife," he writes:

My wife is neither fat nor thin, Her eyes are neither blue nor green. She is
my wife, she is my own, And all her parts belong to me.

Through intimate and poignant moments like these, Kennedy reveals the universal truths that connect us all.
